2. (Secret - GLC) Left with Mr. Robert Michaels, House Appropriations Committee staff, material which had been forwarded to us by Representative Clarence Cannon's office. This material included in-House notes for CIA budgets for Fiscal Years 1962 and 1963 as well as various work papers of Mr. Cannon's. Mr. Michaels went through this material and is retaining in Subcommittee files all but some unintelligible personal notes of Mr. Cannon's which he gave to us for destruction.

3. (Confidential - GLC) Left with the Joint Committee on Atomic Energy staff the following material which they had requested through OSI: "Soviet Microbiological Research Utilizing Radiation and Ultrasonic Techniques," "Soviet Radiation Research in Biology, Soils and Agriculture," and "Soviet Research on the Use of Ionizing Radiation in High-Polymer Chemistry."

4. (Internal Use Only - JGO) Although it has not been possible yet to confirm 10 o'clock, Wednesday, with Chairman Moss, the final day of the meeting in executive session on Agency use of the polygraph has been scheduled for that time. Final confirmation will have to await the Chairman's availability mid day on Tuesday.

5. (Internal Use Only - JGO) Met with Mrs. Elizabeth Seeley, Administrative Assistant to Congressman Robert H. Barry (R., N. Y.), concerning her telephone query about Agency scholarships. A constituent advised by letter that an item appearing in a New York paper indicated that contact should be made with your Congressman or with Mr. John McCone, Director, for detailed information on scholarships available for individuals who would enter Agency employment upon completion of studies. I advised Mrs. Seeley that the story is in error and there is no such Agency program.
